GEORGE PEABODY—PREPARATION OF A FUNERAL TRAIN.

The funeral train that is to convey the remains of the late George Peabody from Portland to Peabody, is now being prepared at the car shop of the Eastern Railroad, in Salem. It will consist of three of the finest cars of the road and a baggage car. The cars Nos. 74, 75, and 77 have been selected. In No. 77 the seats have been removed, and a raised dais, ten feet in length and two feet square, erected in the centre, covered with black velvet, bordered silver fringe, studded with silver rosettes and tassels. On this the casket is to rest, securely fastened. The car is lined with alternate stripes of black and white alpaca pendant from the centre of the monitor roof and looped back to the sides above the windows. At each end the Cross of St. George and the Star Spangled Banner are hung and looped back in the same manner, covered with black crape so that the colors are dimly seen through it, whilst the air will be redolent with the perfume of choice flowers. A handsome carpet, in which black and green are appropriately blended, covers the floor. The whole appearance of the car is neat and rich, completely in keeping with the purpose to which it is to be devoted. The other two cars, Nos. 74 and 75, are to be festooned with mourning, and the outside of the cars, if the weather is suitable, will be hung with white and black. A policeman will guard the entrance of the cars to prevent intrusion. The splendid locomotive that bears the name of the honored dead will be used to convey the train to and from Portsmouth, N. H., the junction of the Eastern and Portsmouth, Saco and Portland Railroad. From Portsmouth, one of the engines of that road will be used, appropriately trimmed. The George Peabody will be draped as far as is consistent with safety, as the danger from the sparks is considerable. The employes of the train will be dressed in keeping with their sad duty. The train will be met at Beverly by the committee of the Salem City government, and escorted through the city limits to Peabody. The bells of the city are to be tolled from the time the train leaves Beverly until it arrives in Peabody. The Monarch, the vessel which is bringing Mr. Peabody's remains, will stop only a day or two in Portland, and will return at once under sail alone. She carries a crew of 500 men. What the definite arrangements will be in Portland cannot be ascertained until the arrival of George Peabody Russell, Esq., the nephew of the deceased, who has charge of the remains, and who is on board of the Monarch.

GOVERNOR HOFFMAN ON FEDERAL AFFAIRS AND ON THE GEORGIA BILL.

In his recent message to the New York Legislature, Governor Hoffman says:

"The people of this State are deeply concerned in a wise administration of Federal affairs. As representing them, I believe it to be my duty, before closing this message, to call attention to, and protest against, whatever in the policy of the General Government strikes at their commercial and agricultural interests, or is in any way prejudicial to their welfare. I protest against the revolutionary course of Congress with reference to amendments of the Constitution of the United States; by which, among their other efforts at centralization, they seek the absolute control of elections in the States. Powerless themselves to amend it by direct act, and unable to procure the voluntary consent of three fourths of the States, they force the consent of the southern States as a condition to representation, and thus override and nullify the will of others, whose proper relations to the Federal Government have never been interrupted, and whom they cannot constrain.

"I protest against the action of both Congress and the President of the United States in subjecting the people of Georgia anew to military power, their State Government being in full operation, and the restoration of their constitutional relations with the Federal Government having been recognized by the Federal authorities as complete. I protest against the longer exclusion from representation of any of the States; if any one be excluded the rights of all are unsettled, and the harmony of our Government is destroyed."

THE SAME OLD "LATEST DODGE."—A very ingenious trick, by which a gang of swindlers are making money by mutilating national bank notes of the denomination of five dollars, has recently come to our notice. The dodge consists in making ten bills out of nine, and is so managed that there is but one pasting to each of the manufactured notes. The nine whole bills are taken, and from the right of the first one tenth is sliced off, from the right of the second two tenths, from the right of the third three tenths, and so on to number nine, from which nine tenths are taken from the right, or, what amounts to the same thing, one-tenth from the left. Number one is passed as it is, with a tenth gone from the right; the one tenth taken from number one is pasted to the residue of number two, from which two tenths had been taken; these two-tenths are made to answer the place of the three-tenths taken from number three, and so on through. Thus nine five dollar notes are composed, leaving the original number nine, with a tenth gone from the left, as a fresh note. It will be seen that but a tenth is gone from each bill, and in a different place on every one, and a bit is ingenious pasting makes the loss imperceptible to ordinary observers. It is certain that large numbers of these mutilated bills have been put in circulation, and our readers will do well to look out for them. The rogues who have carried out the trick were cunning in choosing the denomination they did. Larger bills would have been more closely scrutinized, and smaller ones would not have been sufficiently negotiative. The department will not redeem a bill which bears evidence on its face that it has been tampered with, and we advise our friends to scrutinize their five dollar bills closely. —*Peterson's Report.*

A few nights since, a canoe, containing several persons, while proceeding down the river, was, a few miles below town, run down by a schooner plying between this place and New Berne. A man by the name of Hednell was drowned—the schooner succeeded in saving the rest.—*Eastern Intelligencer.*

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, JANUARY 11, 1870.

58TH SENATORIAL DISTRICT.

This District is composed of the counties of Rutherford, Polk and Cleaveland; it is the banner District of Radicalism. There was a special election, on Saturday last, for Senator, to fill the vacancy created by the resignation of Senator Eaves, Judge Logan's son-in-law.

The Judge's son, Robert, is the Radical candidate to fill the vacancy. Whiteside is the Conservative candidate.

The Logan family seem to think it encumbent on them to fill all vacancies that have occurred, or may occur, in public offices. We made a speech in each county of the District last week. Our friends were all aroused, though not sanguine of success in the election, owing to the heavy majority against them. If they reduce the Radical majority fifty per cent they will count it a great victory.

We spoke in the open air to a large crowd in Rutherfordton, the Court House not being sufficient to hold the people.—Though the day was bitter cold and the ground stiff frozen; the people stood in the street for three hours to hear us tell of the fraud and corruption going on at the Capital.

From Rutherford we went to Columbus, in Polk county. We thought the Court House of Polk was some larger than Tim Rollins's smoke house, we were greatly surprised to find the Polk Court House much larger and finer than the Court House at the Capital; in fact, we know of no larger or finer Court House in the State.

Our audience here was not so large as in Rutherford, though very respectable. One old gentleman of eighty seven, said he could not see to read, so he had ridden ten miles to hear what we had to say of public matters. We heard many in Polk who had avowed their purpose to quit the Radical party. Polk may vote for Judge Logan's son, Robert, but there was a determination to reduce his majority fifty per cent.

In Rockingham, last summer, we heard of Judge Settle's horse and buggy getting drunk, when the Speaker, Joseph William was driving. Joseph bursted the tire and lost the Judge's new churn. We laughed at the circumstance, and they say, "laughing is catching." As we journeyed to Polk, last week, our horse and sulky not only got drunk, but the horse actually fell and broke the sulky shafts. We beg to assure the ladies who invited us to the temperance feast, on Christmas night, that we were not driving when the horse fell.

The horse was hired in Charlotte, and like our Government had seen his best days. We were out his master's whip upon him; we returned the sulky with two white oak saplings for shafts.

We have addressed a note to the Attorney General, L. P. Olds, Esq., to know if, in law, we are bound to pay for the whip and a new set of shafts. When we receive the opinion it shall appear in print. The Supreme Court being in session, the Attorney General may not have time to give an opinion; in which case we shall write one for him.

We ended the campaign in Shelby, Capt. Plato Durham's Town, where we spoke to an audience only a little less than that of Rutherford. Cleaveland is the only Democratic county in the District. The people of this county seem fully to understand the deplorable condition of public affairs, and we think they are determined to give Capt. Whiteside a larger majority than they gave their favorite, Captain Durham, in the late election.

At night we joined the young people of Shelby in a merry dance at the Hotel, where we saw the grace and beauty of the town.

When we reached Charlotte on our return, we found our friends had advertised us for a speech in that city. We complied with their demands on Saturday night.—We spent Sunday in Charlotte, and returned to our post this morning, finding nothing but of joint except the telegraph operators.

We have many pleasant incidents not connected with politics, which we propose to give to our readers at some future day.

THE TELEGRAPHERS' STRIKE.—We had intended to give, to day, a general *resume* of the great strike of the Telegraph Operators of the Western Union Telegraph Company, but want of space forbids.

The strike, however, so far from being over, as we were led to suppose a day or two ago, is more strong and confident than ever. Many efforts have been made by the Company to reduce the Operators to terms, but they refuse to compromise their rights or to sacrifice their brethren. Other Unions and Associations are extending substantial aid and encouragement to the Telegraphers, and we think the monopolists will eventually be obliged, by public sentiment and the justice of the claims of the Operators, to come to terms of accommodation.

All the leading newspapers, so far as we have seen, sustain and endorse the action of the strikers.

THE MILK IN THE COCOA-NUT.

The Governor will transmit a message to the General Assembly, as soon as that body gets *organized* up to business, declaring that the term of the present Legislature expires by constitutional limitation on the first Thursday of August, in the present year. At least we hear so, and our information comes pretty straight.

Some may be surprised at this, as it was understood at the commencement of the present session, that the Governor was in favor of the Legislature holding over until 1872. We think we can explain the why and wherefores of the Governor's change of front on this question.

Some time about the beginning of the present session, in November, Judge Settle called on his Excellency, and asked him if he was a candidate for the United States Senate. The Governor, with his accustomed modesty and diffidence, and thinking his friend Settle was commissioned by his friends to urge him to be a candidate, mildly and hesitatingly replied that he *was not a candidate*. Imagine his consternation, (and those who know him can imagine it) when the Judge replied, "Then, Governor, if you are not a candidate *I am*."

Settle immediately commenced his operations with the faithful, assuring them that the Governor was not a candidate for the United States Senate, and that he had his personal assurance of that fact, and urging his own claims to that exalted position.

Affairs began to look squally to the Governor and his friends, and a caucus was called to discuss the subject of the Senatorship, in connection with the tenure of office question. The Governor and the Judge were both named by their friends, and a count of noses had, when it was discovered that the Judge had the inside track of his Excellency by *at least two to one*.

Since that *expose*, as a matter of course, the Governor has been opposed to holding over, for he has no idea of such a Legislature as *that* electing a Senator.

This little *contre temps* not only changed his Excellency's views on the tenure of office question, but it plainly pointed out the necessity of a new and a strong move that would set once give him another Legislature sufficiently Radical to make him Senator, and at the same time "head Capt. Tyler," alias Judge Settle. The deep and earnest cogitations on the subject resulted in the message asking for some change in the militia laws and the introduction of the Shoffner bill into the Legislature.

By this bill the Governor hopes to concentrate the colored vote, and, by various stratagems, hold together the white Radical element, and make a straight-out Radical fight next summer. He will have no objection to the provisions of the bill producing a little blood-shed in some sections, as that would strengthen him with the negroes.

There is one thing he will guard against, should his plans succeed, and that is, he will not deny being a candidate for the U. S. Senate, next time.

PUBLIC MEETING.

The demonstration of the people of Wake, against the suspension of the writ of *habeas corpus*, on yesterday, was a grand success. The resolutions were fit and appropriate; the speeches of the chairman, Capt. J. Q. DeCarterett, Judge Fowle, Major York, Capt. Jarvis, Mr. Robbins and Dr. Leach, were handsomely delivered and enthusiastically received.

The meeting adjourned to re-assemble at 7 o'clock in the Court House on this (Tuesday) night, (don't forget that it is to night.) The meeting was composed mostly of our friends from the country, who had ridden, some of them twenty miles. The meeting invited the mechanics, merchants and members of the Bar especially to attend.—Can't the merchants and shop keepers close their doors from seven until ten, to join in a solemn protest against the suspension of the "great writ of right" which secure, to every man his personal safety.

Judge Fowle and Judge Merrimon will address the meeting. We expect a good time and a general turn out. Let us devote three hours to the preservation of our personal liberty.

A PARABLE—RESPECTFULLY DEDICATED TO THE LEGISLATURE AND PEOPLE OF NORTH CAROLINA.

A certain landholder had mill-sites on his land which he honestly sold to honest millers, who built mills on the falls and flowing stream. It was an honest transaction all through—from which the millers had an honest return for their capital. But years of drought came; the stream dried up; the mills ceased, and the millers were reduced to poverty. But they bore their poverty, in hope that the stream would fill up again, and their mills once more grind the corn which was to fill their basket and their store. In due time the water began to rise and the stream to flow; and the honest millers thought their mill wheels would be driven as heretofore. But while they awaited the first turn of the wheels, they were surprised to find the rising water had been cut off into new channels to to drive other mills. The value of mills and mill-sites, both old and new, speedily fell. For all men saw, that if the old mills built years ago, could be deprived of water, the new mills, built this year, might be cut off next year, in favor of some still newer mills. And so the value of all the property fell lower and lower. Then the landholder came to understand, that if he would redeem his fortunes, he must give respect to prior rights, according to the custom of civilized communities, and allow the water to flow first into its original channels, where its use had been first purchased and paid for; and wait until there should be an overflow before he permitted the new channels to be filled for the use of the new mills.

CONVENTION OF PEANUT GROWERS.—The proposed Convention of the Peanut and Rice producers of this section is arranged to take place in the Hall of the Chamber of Commerce in this city on Saturday afternoon next, the 15th instant, at 3 o'clock. Producers alone are expected to take part in the proceedings.

The object of the Convention, as has been previously stated in the *Journal*, is to petition Congress for the enactment of a protective tariff.—*Wil. Journal.*

HOUSE OF REPRESENTATIVES.

MONDAY, Jan. 10, 1870.

The House was called to order at 12 o'clock.

The Journal of Monday, Dec. 20th, 1869, was read and approved.

The roll was called and the following gentlemen responded to their names:

Mr. Speaker, Messrs. Ashworth, Banner, Blair, Bowman, Candler, Downing, Eagles, Forkner, Franklin, Gahagan, Gulley, Graham, Harris, of Wake, Hilliard, Hinnant, Hodgin, Jarvis, Leary, Mayo, Moring, Morrill, Painter, Proffitt, Ragland, Renfrow, Robinson, Siegrist, Simonds, Sweat, Sykes, Vest and Wilson.

No quorum being present the House, on motion of Mr. Vest, adjourned until to-morrow morning at 10 o'clock.

PUBLIC MEETING.

Pursuant to previous notice, a large number of citizens of Wake county assembled at the Court House in this city yesterday, for the purpose of expressing their indignation in regard to the Holden Shoffner "War Bill."

At 1 o'clock the meeting was called to order.

On motion of R. W. York, J. Q. DeCarteret was called to the Chair.

Messrs. A. Miller and J. C. Syme were appointed Secretaries.

On taking the Chair, Mr DeCarteret, after expressing his gratification at seeing so many of the intelligent and honest citizens of the county present, briefly explained the object of the meeting.

On motion, the Chairman appointed the following gentlemen to draft suitable resolutions for the consideration of the meeting: Messrs. R. W. York, Hon. D. G. Fowle, J. P. H. Ross, Col. Willis Whitaker, W. R Poole, N. J. Whitaker, James Temple and G. W. Faribault.

During the absence of the Committee, Josiah Turner, Jr., being called upon, addressed the meeting in regard to the outrageous and extraordinary provisions of the measure, against the passage of which, the people of Wake had now assembled to protest.

At the conclusion of Mr. T.'s remarks, the Committe on Resolutions appeared, and through their Chairman, R. W. York, Esq., reported the following resolutions:

WHEREAS, the measures now pending in the Legislature of North Carolina are so extraordinary in their character, affecting the fundamental principles of English and American liberty, it behooves the people to speak plainly their sentiments relative thereto, we a portion of the people of Wake do

Resolve, That we reaffirm and declare that the following resolutions formed by the first convention of the Colonies at Philadelphia in 1774 to be, as asserted, they, an inherent, inalienable, and immortal right of all free men.

Resolved, 1. That the right to be tried by jury from the vicinage is an immemorial and inalienable right of all free men, and all attempts to alter or abridge it, is such a flagrant violation of our constitution, that to be deprived of it converts any government into an unlimited despotism, unworthy of the support of any people who claim to be free.

2. We believe the writ of *habeas corpus* to be the great safe-guard of personal liberty, invaluable to free men, and formidable only to tyrants. That its suspension in times of peace can only be an act of tyranny, whereby free men are changed into slaves.

3. That the proposition to place the State under martial law, and thereby to institute tribunals unknown to our laws, can only be construed into a measure of rapine, plunder, and oppression, and a violation of the laws of the land.

4. There is no such state of lawlessness existing in this county as has been represented to exist—that it is false, so far as our knowledge goes, that any are oppressed on account of race, color, or previous condition, or present political opinions.

5 That our people are peaceable and law abiding, and are opposed to the infraction of the laws, by any person, whatsoever, and insist, if there has been any violation of the law, it should be punished by the proper civil tribunals, and not by the suspension of the writ of *habeas corpus*.

6. That the present system of taxation is at war with the Constitution which the people were called upon to adopt in order that the reconstruction of the State might be completed, inasmuch as it bears heavily upon the industrial pursuits of the county.

7. That we are of the opinion that the present taxes are high, burdensome and oppressive, and ought to be repealed, even should it cut down, in its operations, the high salaries of State and county officers.

In submitting the above resolutions, Mr. York, in remarks of some length, discussed, with effect and force, the infamous policy of the present Radical administration, which induced the drafting of the resolutions, which he, in behalf of the Committee submitted to the meeting for adoption.

The resolutions were then put and unanimously adopted.

The meeting was then ably and eloquently addressed by Hon. D. G. Fowle, Hon. W. M. Robbins, Hon. T. J. Jarvis and Hon. J. T. Leach, all of whom in logical arguments, denounced the iniquitous and tyrannical bill now pending in the Legislature.

J. P. H. Russ offered the following resolution which was adopted:

Resolved, That the members of the present General Assembly were elected for two years and two only, and any attempt on their part to hold for four, is usurpation and treason, and should be punished as such, and any other construction of this Constitution is an assertion that a fraud was practised upon our people in the recent elections.

On motion of Mr. Fleming, it was ordered that the proceedings of the meeting be published in the Daily SENTINEL, and that copies of the resolutions be sent to our Representatives in the General Assembly.

Josiah Turner, Jr., offered the following resolution:

Resolved, That this meeting adjourn to meet on Tuesday night at this place, at 7 o'clock, and that the merchants, mechanics and members of the Bar of the city be specially invited to attend.

The resolution being put to a vote, was adopted.

On motion the meeting then adjourned.

TOWN ELECTIONS.—The election held in this place on Monday, the 3rd, resulted as follows: For Mayor—Dr. William Bernard. For Commissioners—T. B. Bernard, John R. Forbes, John Moore, R. M. Hearne and John F. Boyd.—*Greenville Reporter.*

We take the following from the columns of the New York *Herald* of the 8th inst:

ITALY.

Paris, Jan. 7.—Advices have been received from Florence, which indicate that on the opening of the Italian Chambers there will be ministerial changes in favor of the left centre party.

THE SUEZ CANAL.

London, Jan. 7.—A correspondent of the *London Post*, writing from Ismailia, says that "anything drawing over fifteen feet of water must be lightened in order to pass through the Suez Canal. Dredges, &c., so obstruct it that the passage is hazardous. The company declines to take any risk whatever. It requires a mint of money to keep the work in order."

CONSTITUTIONAL PLATFORM OF THE CABINET—PARLIAMENTARY NOTICES.

Paris, Jan. 7.—Count Daru, Minister of Foreign Affairs, has addressed a circular to the diplomatic representatives of France at foreign courts announcing that the policy of the French government will be absolutely pacific.

The Senate was in session to-day. M. Ollivier and Count Daru, the new Ministers were present.

Count Daru said the government would be ready to open discussion on the Ecumenical Council and the relations of France with the Holy See on the 11th, on commercial questions on the 13th and on the domestic policy of the empire on the 15th inst.

ENGLAND.

London, Jan. 7. Sir Curtis Lampson has written a letter to the London *Times* ridiculing the anti-republication declarations in the annual message of the Governor of the State of New York. He takes occasion to remind Governor Hoffman that it is owing to his action that Fisk has control of the Erie Railroad, and therefore he is responsible for that fraud.

NATIONAL TERRITORIAL SURVEY.

London, Jan. 7.—The trigonometrical survey of the United Kingdom, which was commenced by General Roy in 1783, ended this week with the completion of the survey in Scotland.

SPAIN.

Madrid, Jan. 7.—On the occasion of the feast of the Epiphany yesterday the Cortes proceeded in a body to the royal palace and were received by Regent Serrano. Senor Rivero, President of the Cortes, made an address to the Regent, in which he declared in the name of the deputies that through unity of action alone could the victorious revolution be completed.

La Politica says all idea of a dictatorship has been abandoned. The Ministers refused to withdraw their resignations unless a programme of policy is definitely formed.

New Orleans, Jan. 7.—Governor Warmoth yesterday sent a special message to the Legislature, beginning:

It becomes my duty to communicate to your honorable body grave charges against George M. Wickliffe, Auditor of Public Accounts. His offences against the Constitution and laws of the State have seriously embarrassed the government and rendered it difficult to pay the interest on the State bonds. He has been guilty of numerous acts involving extortion against individuals and against the Commonwealth and collusion with evil disposed persons to defraud the same. He has extorted sums of money from the creditors of the State as a condition to the issuance to them of the certificates of indebtedness or warrants to which they were entitled by law.

The Governor goes on to cite a number of cases, in which he charges the Auditor with malfeasance, &c. The message was referred.

A bill has been introduced repealing the Gambling laws and has passed to a third reading. The bill will doubtless pass.

A joint resolution was introduced appointing a committee to ascertain what legislation is necessary for the relief of the holders of property included in the claims of Myra Clarke Gaines.

A joint resolution was passed to a second reading, requesting the federal Congress to recognize the belligerent rights of Cuba.

THE FIFTEENTH AMENDMENT RATIFIED BY MISSOURI.

St. Louis, Jan. 7th.—The Missouri Legislature was yesterday ratified the fifteenth amendment. The vote stood:—Senate, 22 to 3; House, 83 to 34.

IMPORTANT ARREST IN THIS COUNTY.—For some six months and more two negro women, named Jane and Jennie Davis, but passing under assumed names, have been living in this county, a portion of the time in the town of Halifax. It now turns out that these women escaped from the Orange county jail just before coming into this county, where they had been imprisoned for being implicated in the murder some time last spring of the husband of Jane Davis, for which offence one man has already been hung and another sentenced to the penitentiary for 99 years. The man that was hung the woman wished to marry, and hence the murder. The whereabouts of the women in question were discovered last week by one of them writing back to Orange. The authorities of Orange were at once notified of their presence here, Sheriff Reid was instructed to arrest them, which he did on Wednesday, and on Thursday morning Deputy Sheriff Turner, of Orange, passed through here with the prisoners on his way to Orange, where they will be put on trial for their lives.

The woman Jane Davis had a young child, which she left with a negro woman in this place to be taken care of.—*Roanoke News, Jan. 8th.*

ATLANTIC, TENNESSEE & OHIO R. R.—Col. Wm. Johnston, President of the above mentioned Road, has called a meeting of the Stockholders to convene in this city on the 19th instant. We trust there will be a full meeting and steps taken to commence operations at once. This road was a valuable feeder to this city, and is a matter of great interest to her as well as to all those living along the line. We know that many of the Stockholders are anxious to see it rebuilt, and trust they will see to it that no longer delay may be incurred.—*Charlotte Times.*

STARTLING INTELLIGENCE.

MR. EDITOR:—I hear that it has been said by Legislators, in Raleigh, that the civil authorities cannot enforce the law in this county!!! I cannot comprehend this. Judge Tourgee was expected to hold Court here two weeks during the last month.—He came and dispatched the business in four or five days, and though living not many miles from the Court House, I have not heard that he met with the slightest opposition in pronouncing his judgments or in having them executed by the officers of the law. I have heard too that a special commission came to this county to investigate certain cases. They arrested suspected parties, compelled the attendance of witnesses, sifted the testimony carefully, acted according to their judgment and returned without the slightest opposition.—Justices of the Peace here, likewise, are prompt to listen to complaints made to them, and by no means turn a deaf ear to those that are party-colored—they examine witnesses with the almost rigor, arrest suspected persons, bind them over to Court, or otherwise dispose of them according to their judgment, and not the slightest opposition has ever yet been made to their authority or to those who executed their orders.

Whence then comes the allegation that the law cannot be enforced here?

It is manifestly a bare faced and unmitigated falsehood. I understand that the object was to pave the way for the passage of a bill. It must, indeed, be a terrible bill, if it requires, for a pretext, such unblushing falsehood as the above.

Accordingly, it seems that the bill, that is the proposed remedy for the alleged evil, is as extraordinary, as despotic, as savage, as the allegation itself is false and unfounded. Does it empower Judge Tourgee to pass sentences regardless of the restrictions of civil law? Does it not even go further and empower those who have not even the title of Judge, to fine, imprison and put to death, without such restraint, those whom they or their party suspect or dislike, even though innocent?

To whom are the innocent to look for protection? We have been wont to look to our Legislators and to the laws enacted by them. If they do not protect us by wholesome laws, what use have we for legislators? Are those whom we elected for our protection and whom we are taxed to support, so incapable of civil legislation, that they must put the sword into the hand of some one man or a set of military officers to destroy us? We want sentinels, to guard, not wolves to consume. If we, like the frogs in fable, have desired rulers, must we, like them, have Hydras to devour us?

But surely there are among our legislators some wise men, some who can turn to good account even land on which kildees perish—those grey headed custodians of liberty, who, in days of yore, made great pretensions as zealous defenders of civil rights, who were wont to display their chivalry in defending the bulwarks of liberty even against fancied danger. Where do they stand now? Do they suffer the life blood of Liberty to be drawn without opposing it? What influence are they exerting over the younger members of the body? Do they suffer the safety of the innocent to be jeopardized without flying to their relief?

If such a bill passes, one of two consequences must inevitably ensue. Either those who vote for it, will be overwhelmed in the general ruin brought about by the sacrifice of liberty—or else reaction will take place, and the people will arise in their might and consign those who voted for it to the infamy that they deserve.

OLD RAM CAT alias RAMSGATE ALIVE YET.

At a meeting of the citizens, on the 8th inst., Allen Adams, Esq., was called to the chair, and C. E. McCullers, requested to act as Secretary.

On motion of Col. L. D. Stephenson, the chair appointed N. G. Whitaker, G. W. Atkinson and L. D. Stephenson, a Committee on resolutions. After a brief withdrawal, the following preamble and resolutions were presented and unanimously adopted:

WHEREAS, The dominant party of the Legislature, having not the interest of the citizens of the State in view, only that of themselves, have passed a resolution looking to the perpetuation of that body beyond the time for which they were elected; *and whereas*, said party has introduced a bill now pending before the Legislature for the suspension of the writ of *habeas corpus*, the passage of which places the whole power in the hands of one man whose course has not only been for self aggrandizement but to insult and degrade a once prosperous and happy people.

Be it, therefore, Resolved, That we, the citizens of Swift Creek Township, do, without regard to party or color, heartily concur in the proposition to hold a general mass meeting of the citizens of Wake in the city of Raleigh, on Monday, the 10th inst., to express our indignation of said law.

Resolved, That the members of the Legislature from Wake were voted for by the voters of Swift Creek for two years only, and the proposition to hold over for four years is not only unconstitutional, but contrary to the wishes of the people who elected them.

Resolved, That in our humble opinion the bill now pending before said Legislature will not only produce discord and strife among our downtrodden and unhappy people, but is a last and desperate effort to prolong the life of a *fiendish and nefarious rabble*, in eager pursuit of gain at the expense of our people at large.

Resolved, That the chairman of this meeting appoint fifteen delegates to represent this township in the aforesaid meeting, and that a copy of the proceedings of this meeting be sent to the SENTINEL for publication.

On motion of G. W. Atkinson the meeting adjourned.

ALLEN ADAMS, *Ch'm.*

C. E. MCCULLERS, *Sec'y.*

The assault upon Mr. Oldham by the negro Jones and his confederates Thursday, was even more outrageous than we were at first informed. There were two distinct assaults, the first of which was in the kitchen where Mr. Oldam whipped Jones out and out at his own physical game. It was then that Jacob Lord promised to lead him from the premises, but he and the others only played off to afford him a better opportunity for a fight with Mr. Oldham in the yard, where a second assault occurred, all conspiring against Mr. O., and where another of the party held his arm, affording Jones an opportunity of using his other hand severely. Mr. Oldham dislocated his thumb in choking Jones to cause him to relax his jaws, and also had his face badly scratched. The rascals were severely dealt with by Judge Cantwell yesterday.—*Wil. Journal Jan. 8th.*

The election in Halifax town on Monday resulted in M. McMahon being elected Mayor, and in Geo. W. Owens, H. J. Harvey, R. W. Brown, J. H. Prince and John Bryant being elected Commissioners—all white and Democrats except one.—*Roanoke News, Jan. 8th.*

The Georgia Mutual

IS A HOME COMPANY.

Owned and controlled by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, as to the following points.

1st. Low Rates of Insurance, with a reduction of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3d. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual Insurance Company, ninety-four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, thus reducing the premiums to their lowest actual cost.

7th. Under the Charter of this Company, Policies of Insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. Good Canvassing and Local Agents wanted in every county in the State of North Carolina for parties who apply to the home office or

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

CAPITAL STOCK, (PAID UP,) $150,000.00!

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans, and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

NO QUORUM.—Only eleven Senators and twenty-five Representatives answered to their names in the General Assembly, yesterday. This will give the people some idea of the feeling of indifference manifested by their representatives, so-called. Seven dollars a day and no quorum! so we go.

ON DIT, that the Supreme Court, now in session, have decided to entertain and give a formal opinion on the question of the Legislature holding over until 1872, and that the opinion will be unanimous, or at most with but one dissenting voice, against the proposition to hold over. This, "if the Court understands herself, and she think she do," we hope will convince certain sarpient members of the Legislature that "biennial" means once in two years, or lasting two years, and not four.

SERIOUS DIFFICULTY.—A difficulty occurred at Fraps' Lager Beer Saloon, yesterday afternoon, between the Bar-keeper, Links, and Quent. Bryant, in which the latter received a blow on the head, supposed to be from a heavy stick, which it was thought, at first, had fractured the skull. Bryant, however, after a time, recovered sufficiently to be taken home, since which we have not heard from him. We could learn nothing of the origin of the matter sufficient to base a report on, without risk of misstating the facts. The affair will undergo an investigation, perhaps, today, before the Mayor.

IN TOWN.—We forgot to mention that Hon. J. B. Jones was in town on Saturday, last, looking as spruce as a genuine "J. B." in Spring time, (no contempt) much more spruce and considerably more sober than he was the time the police took him up here for walking about with his unmentionables loose.

PENITENTIARY.—Forty two convicts up to the present time, have been received into the Penitentiary and put "to hard labor," according to sentence.

"MIST OF THE MORNING," is the name of new and popular article in the *Bitters* line, manufactured by S. M. Burnett & Co., New York, and for sale by Paul Thiem of this city, as will be seen by his advertisement in another column.

We received a bottle of this "mist of the morning "from Thiem, early in the day, yesterday, and had to watch it very closely to prevent its being wiped in the afternoon, in which case we should have been unable to report upon its qualities, medicinal and otherwise, as we expect to do as soon as we can get some good judge to try it. We will say here, that it is put up in beautiful packages, looks and smells well, and —— so forth, and we doubt not—but all doubts may be solved by a small investment. See the advertisement.

ALL THE WAY TO FAYETTEVILLE,—and all the way back; Mr. W. C. Troy, of Fayetteville, has put a line of hacks, "with good horses," on the line between Jonesboro' and Haywood, connecting the two Railroads which terminate at those points. Persons by this line leave Fayetteville at 7 o'clock in the morning, and arrive at Raleigh at 4 o'clock in the evening. Going the other way, they leave Raleigh at 8 o'clock in the morning and arrive at Fayetteville at 3 o'clock in the afternoon. We mention these facts as a matter of news and convenience to persons who may desire to make a visit either way; of course it is of no advantage to the Roads or the hacks.

NORFOLK, VA., Jan. 7, 1870.

Editor Sentinel, Raleigh, N. C.:

DEAR SIR:—Please allow us to state that the freight on Shell Lime has been reduced over half of former rates, on the S. & R., R. & G., W. & W. and N. C. Railroads. This arrangement to last until 18th of March, and to urge upon your people the real value of this Renovator of the soil, and the importance of sending us their cash orders now, that they may realize the advantages of this liberal reduction in freights.

"THE GREENVILLE EXPOSITOR," is the name of a paper recently started in Greenville, Pitt County, by C. C. Stilley, editor and publisher. This, though No. 4, is the first number we have received. What its politics are we are unable to determine from anything we read in the number before us, except that it seems to advocate a religious denomination known recently in this State as the "Union, or Free Communion Baptists." It is neatly printed and well edited, and is issued Weekly at $3 a year.

SEEDS.—We have received Dreer's garden Calendar for 1870, a good guide for those desiring the purchase seeds, either of flowers or vegetables. See his advertisement in another column.

SMALL FRUIT RECORDER.—The January number of this most valuable Monthly Paper, is upon our table. It is brimfull of *practical* instruction on growing fruit and the beautifying of the home. It should be taken by every person who has any taste or love for fruit and flowers. Price only 50 cents per year. The January number, (which alone has that worth of instruction,) will be forwarded to all applicants free, although a stamp would not be refused to pay return postage. Address, A. M. PURDY, Palmyra, N. Y.

N. B.—Post Masters will find this a good paper to obtain subscribers for, while the premiums offered are very liberal.

THE MANUFACTURER AND BUILDER.—This popular industrial magazine has already, in the first year of its publication, attained an actual circulation of over 12,000 copies, which places it among the established institutions of the country. The volume for 1869, just closed, contains upward of 1000 practical and trustworthy articles relating to every branch of industrial progress, from the construction of a ship canal or a palace, to the building of a country home, the forging of a drill, or the spinning of a thread; and from the management of a manufacturing corporation to the wages of the workingman. It also contains a variety of instructive and entertaining matter for the home circle, from the pens of eminent authors, the whole embellished with over 300 beautiful engravings, appropriate to the text. All this is furnished at the wonderfully low figures of one dollar and fifty cents per year—the subscription price—which makes this magazine the cheapest industrial periodical in the world. Every mechanic, artizan, and builder that reads these lines—in fact, a member of every trade and profession who can afford to spend three cents per week, will find it to his advantage to subscribe for this magazine, specimen copies of which will be sent free by

PUBLIC MEETING.

MR. EDITOR:—At a meeting of the citizens at Pleasant Grove Township on the 5th inst., and irrespective of party, the following preamble and resolutions were reported by Messrs. Amos Coats, Z. Lunsy, Jno. R. Coats, W. B. Young and A Clifton, and adopted unanimously; the object of the meeting having first been explained in a few appropriate remarks by the chairman, Dr. J. T. Leach.

WHEREAS, In a Republican form of government, all political power is vested in and derived from the people only; all laws founded upon their will and enacted for the good of the whole, subject at all times to their alteration or repeal; *and whereas*, there are certain unalienable rights guaranteed to the people of North Carolina, among which is the protection of life, liberty and the pursuit of happiness; *and whereas*, the right of the people to assemble and consult for their common good, the freedom of the press, the privilege of the writ of *habeas corpus*, frequent recurrence to the fundamental principles of the government with frequent elections are absolutely necessary for the preservation and perpetuation of the blessings of civil and religious liberty; therefore

Resolved, That any attempt on the part of the members of the Legislature of North Carolina, now in session, to perpetuate their term of service longer than the first Thursday in August, 1870, or to suspend, or cause to be suspended, the privilege of the writ of *habeas corpus*, would be a palpable violation of the Constitution, and an insult to the intelligence, and an infringement upon the rights of, the people of North Carolina.

Resolved, That any concentration or perpetuation of power not granted by the Constitution in the hands either of the Legislature, Executive or Judicial branches of the government, under existing circumstances, would be dangerous to the liberties of the people.

Resolved, That the people are entitled to the privilege and benefit of any doubt that may rest as to the right of the present Legislature holding over longer than the first Thursday in August, 1870: we would therefore respectfully ask the Representatives of Johnston County to rise in their seats and submit their claims anew, to the electors of Johnston County, after the 1st Thursday in August.

Resolved, That the proceedings of this meeting be sent to the SENTINEL and the North Carolina *Standard*, with the request that they be published.

A POPLAR MAN WITH THE LADIES.—Professor Blot, the literary gas consumer, is about inaugurating a novel enterprise in Brooklyn. He has rented and furnished a large building, which he calls his "Co-operative Kitchen," from which he proposes to furnish families with their regular meals, delivered at stated hours. The subscribers to the project already number one hundred, and among these are several families living outside of Brooklyn, who have contributed money without any expectation of a return, save in the conscious ness of having aided the furtherance of a worthy object. Each subscriber makes out his bill of fare for to-morrow breakfast, dinner and supper, and sends it to the "Kitchen" to night. To-morrow his viands are brought to him and his table set and spread by servants furnished to order, and when the meal is over the housewife has no work to do in "cleaning up," as the dishes are removed with the debris of the feast. It is proposed by Professor Blot to furnish food ready cooked for about what the raw material now costs the individual purchaser at the markets.

The law creating nine Circuit Judges makes no change in the jurisdiction of U. S. Circuit Courts. It does not change the District Courts, nor their jurisdiction. It only reforms the circuits and transfers the duties of Circuit Judges from the Judges of the U. S. Supreme Court to the new Circuit Judges. Heretofore the United States was divided into as many circuits as there were Judges of the Supreme Court, and one Judge of the Supreme Court was assigned to each circuit. This new law relieves the Supreme Judges of the duties of the Circuit Judge, and assigns the duties to the newly created Circuit Judges. The only change made is in the formation of the circuits, and in the Judges to hold the Circuit Courts. It is not a new Court, but another set of Judges to perform the duties heretofore devolved upon the Judges of the Supreme Bench as Circuit Judges. The increased labors of the Supreme Bench made it necessary to provide other Judges to hold the Circuit Courts. The jurisdiction of the Circuit Courts remains the same, as also the District Courts.—*Louisville Courier.*

WILSON BRANCH RAILROAD.—The following gentlemen were in our city yesterday to urge the claims of the proposed branch railroad from Wilson to Greenville, viz: W. A. Darden, Jr., R. C. D. Beaman and R. J. W. Beaman, of Greene; G. Bernard, Dr. Richard Williams and R. A. Bynum of Pitt, and G. W. Whitfield, W. D Rountree, Dr. R. W. King, C. J. Rountree, G. W. Blount, J. W. Dunham and C. S. McDaniel of Wilson.

At an informal meeting held in the gentlemen's parlor of the Purcell House, an address was drawn up and presented to the Board of Directors of the Wilmington & Weldon Railroad in regard to the Wilson branch road. The Board has directed President Bridgers to reply favoring the proposed branch. We congratulate our friends of Wilson, Greene and Pitt upon the early prospect of railroad facilities.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

The ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,34
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	62,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its forma tion."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed assets amounting up to something over two hundred and eighty-one thousand dollars; but in 1868, it granted 13,337 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
